### HAM01D - HAMBURG HIGHLIGHTS

CULTURE AND HISTORY

Experience Hamburg on this tour of its most iconic sights. Your visit to Germany's largest port and second-largest city begins at the late 19th-century City Hall, then proceeds to Germany's oldest stock exchange and goes on to the gorgeously Gothic, old red-brick warehouses in the Speicherstadt. The elegant Jungfernstieg shopping area is next, followed by the super-exclusive Außenalster district and the St. Pauli Landungsbrücken, old jetties where sailing vessels docked in the past. You then head for Hamburg's world-famous Reeperbahn, a "mile of sin" that is named after the rig-makers that used to ply their trade there in the 17th century. The tour ends with passing by St. Nikolai War Memorial Church and with a visit to St. Michael's Church and finally the Krameramtsgasse, an old district that originated in the 17th century as an early form of housing for widows. Please note: this tour ends at the port for transit guests and at the airport for guests who are disembarking and booked on flights after 16:30 hours. The duration of the tour also includes the time for transfer to the airport. To book and prepay this tour before your cruise, please use code HAM01T if you will be in transit in Hamburg or code HAM01D if you will be disembarking in Hamburg. Conservative attire recommended for visiting sites of religious importance. Only cameras without a flash allowed inside St. Michael's Church. Guests using a wheelchair are advised that they must be accompanied by a paying helper to provide assistance with getting on and off the coach and that wheelchairs must be collapsible/foldable since the coach has neither a ramp nor a lift. **HAV01 - ÉTRETAT ON YOUR OWN**

SCENIC ROUTE

On leaving the port, the coach will pass the centre of Le Havre, which was rebuilt in classic style with large avenues and open spaces to offset the sea front. The second part of your tour will then see you visit the town of Étretat, which is considered to be a major French national site. Whatever the season, the grandeur of the high cliffs and crashing waves is certainly unforgettable. Look forward to viewing the three natural arches and the formation known as "The Needle". Furthermore, Étretat has inspired writers and artists alike, with the painters Monet and Courbet being just two examples. You will have time to explore this natural beauty spot on your own, walking by past timber-framed houses, the town's medieval church and the covered marketplace. You will have enough time to discover the town at your own pace before returning to Le Havre and your ship. Please note: guests using a wheelchair are advised that they must be accompanied by a paying helper to provide assistance with getting on and off the coach and that wheelchairs must be collapsible/foldable since the coach has neither a ramp nor a lift. SOU12 - WINCHESTER & WOLVESEY CASTLE

CITY TOUR

If one place lies at the centre of English history and embodies the romantic vision of an English heartland, it is Winchester. Leaving the port by coach we drive to this beautiful city, where, among other monuments, you will visit the famous Cathedral. Dating back to the VII century, when a Christian church was first built on the site, it has since played a fundamental part in the life of this ancient city and a key role in English history. Our tour will give you a unique appreciation of its sacred architecture and art as well as introducing you to this important symbol of England, as we admire the elaborately carved flowers and plants, owls and monkeys, dragons and knights of the choir stalls with their magnificent gabled canopies. Next up, it's time to visit medieval Wolvesey Castle, which despite its name was in fact a luxurious palace. The ruins stand in the south-east corner of the walled area of the city, close to the cathedral and the remaining wing of a baroque house dating from the 1680s, that is still the private home of the bishop of Winchester. Finally, you will have the opportunity to explore the fairy-tale centre of this royal city that is so full of the echoes of its fabled past, before returning to port and your next adventure. Please note: Wheelchair users must be accompanied by a paying helper to provide assistance with getting on and off the coach; wheelchairs must be collapsible/foldable since the coach has neither a ramp nor a lift. At Waterloo Barracks, you'll then view the priceless Crown Jewels, which consist of 141 items of rare ceremonial regalia beset with nothing but the finest gems. SOU23 - STONEHENGE & SALISBURY

CULTURE AND HISTORY

Leave the pier and prepare to immerse yourself in a day of mystery and antiquity. We are heading to the circle of Stonehenge, one of the most intriguing and ancient sites in the U.K. Situated on a vast plain, the site is truly impressive; shrouded in magic and mystery, many believe this sacred site emanates a special atmosphere. Radiocarbon dating reveals this incredible monument was built around 5.000 years ago, during the Neolithic period. The question of who built Stonehenge remains largely unanswered although many attribute the monument to the Druids. Our guide will escort us around the circle, providing explanations and enabling us to view the impressive stones close up. You can remain steeped in the spell of ancient times as we continue our historic tour and journey to the medieval town of Salisbury whose lofty Cathedral spire can be seen from many miles around.
